Six Senses Ibiza | 9–12 June 2026

HORIZONS is Aream & Co.'s flagship summer summit - a gathering of visionary leaders, innovators, and creators set against the serene backdrop of Six Senses Ibiza.

This pre-style guide outlines the visual identity, tone and creative direction that will shape the event experience from pre-arrival to closing moments.

Rooted in the natural beauty of Ibiza and the forward momentum of our industry, HORIZONS blends calm sophistication with modern innovation. The aesthetic is clean, elevated, and immersive: soft Mediterranean light, organic textures, refined minimalism, and subtle technology-infused accents.

The Horizons mark has been intentionally designed with a clean, minimal visual language that reflects where Aream & Co. is now - and the direction in which the company is evolving. Set against a refined, neutral canvas, the logo relies on clarity, restraint, and confident simplicity. The typography is spaced with precision, allowing the word HORIZONS to breathe - suggesting expansion, perspective and forward motion.

At the heart of the design sits the soft, oversized ampersand, rendered in a delicate, almost translucent tone. This subtle symbol represents connection, possibility and the idea of “what comes next” a continuous through-line between people, ideas, and global markets.

It also echoes the Aream & Co. master identity, acting as a quiet but unmistakable signature.

The overall aesthetic speaks to a company entering a new chapter of maturity:

- Minimal but meaningful
- Global but personal
- Elegant without excess
- Quiet luxury

The muted palette, open spacing, and clean geometry align with Aream & Co.'s shift toward a more elevated, contemporary corporate identity - one that communicates confidence, calm authority, and a future-focused mindset.

Horizons, as a brand mark, symbolises breadth: the widening landscape of innovation, the expansion of relationships, and the long-term vision guiding the next generation of Aream & Co. initiatives. It stands not just for an event, but for a philosophy: looking outward, upward, and ahead - always toward what's possible.
