

HORIZONS WEBSITE & RUNBOOK FINAL REVISION BRIEF FOR CODEX

Reference Files

Use the following as the primary source of truth:

1. HORIZONS_Website_Final_Schedule_Sync_For_Codex.xlsx
2. Horizons_Live_Runbook_Site_Structure.xlsx
3. Horizons_Daily_Operations_Runbook_CONTACTS_ADDED.xlsx
4. MASTER HORIZONS 2026 Onsite Schedule - UPDATED.xlsx
5. HORIZONS_Missing_Info_Questions_Tracker_UPDATED_FOR_CODEX.xlsx
6. PRESENTATION STYLE GUIDE.pdf

Primary Goal

Update the Horizons website and supporting records using the latest approved event data.

The website should become a simple, calm, mobile-friendly event operations hub that the team can actually use during the event.

The site should feel like:

- A live event control centre
- Easy for creatives to understand
- Easy for suppliers to reference
- Easy for leadership to monitor
- Easy to scale into future Horizons events

GENERAL RULES

1. Full names instead of abbreviations.

Replace abbreviations wherever possible.

Examples:

CM = Chris Manoe DR = Dawn Ramsden PL = Pili Lopez SP = Samuel Price SH = Samuel Hosier TH = Tamy Hosier DW = Dean Whitehead JG = Joshua Gavin FT = Fede Tamburini LM = Liz Morris EB = Eve Blackwell

If a name cannot be confidently identified:

Display: Needs Name Confirmation

Do not guess.

OFFICIAL COMPANY NAME

Official company name:

BeGood

This is the approved and correct spelling.

Standardize all references across:

- Website
- Workbook
- Supplier records
- Contacts
- Materials
- Notes
- Internal records

Replace:

- BE GOOD
- Be-Good
- Be good
- BEGOOD

With:

BeGood

Do not change this unless instructed.

TODAY AT A GLANCE

Update the Today At A Glance section so it behaves like a live dashboard.

It should dynamically show:

- Current day
- Current period
- Next key actions
- Key owner
- Main location
- Current watch-outs
- Active red flags

Time periods:

Morning Afternoon Evening Late Night

Keep this section short and useful.

RED FLAGS

Keep Red Flags concise.

Only include:

- Podcast schedule conflicts
- Poker / casino setup conflicts
- Supplier timing issues
- Screen content issues
- Missing documents
- Missing confirmations
- Critical operational risks

Do not turn Red Flags into a giant task list.

SCHEDULE & CALL SHEET

Use the latest schedule workbook.

Requirements:

- Consistent time display
- Clear AM / PM or fully consistent 24-hour format
- No unclear timings
- Full names
- No abbreviations

Fix:

- Day-specific run sheet navigation issue
 - Incorrect section highlighting
 - Collapsible day alignment issues
-

WEATHER MODULE

Add a weather component.

Display:

- Weather
- Temperature
- Wind
- Chance of rain
- Sunset time

If live weather is not connected:

Display:

Weather Module Pending Connection

TRAVEL DETAILS

Sync latest travel data.

Ensure:

- Full names
 - Contact references
 - TBC items clearly marked
-
